HOMESTEAD EXEMPTIONS

The Texas Legislature and many local government entities have allowed for part of the value of a homestead to be exempt from taxation. If you have a homestead exemption there is no need to re-apply unless the appraisal district has requested an updated application. However, if you have purchased and occupied a different home you will need to file for this exemption. You may claim only one homestead, which must be used as your primary residence. To complete the application, you will need to bring a copy of your driver's license or state-issued personal identification certificate. The address listed on your driver's license or state-issued personal identification certificate must correspond to the address of the property for which an exemption is claimed in this application. The deadline for filing is April 30th.

DISABLED VETERAN'S EXEMPTION

A Disabled Veteran Exemption is available to disabled veterans. The amount of the exemption depends on the veteran's disability rating and ranges from \$5,000 to \$12,000.
